

ChemGrout CG-050M

Manual Hand Pump

- Heavy duty manual hand pump is an easy to use, skid mounted hand pump designed for smaller jobs using high viscosity slurries and most pre-packaged grouts.
- Rugged, lightweight aluminium construction offers mobility in areas where no air or electric power sources are available
- Features a large 5 gallon holding hopper and durable 2" piston pump that produces discharge head exceeding 45.7m (ideal for vertical lifting)
- The manually powered, positive displacement piston pump disassembles in minutes without tools for simple cleaning and maintenance

APPLICATIONS

- Door & window frames
- Void filling
- Slab raising
- Pavement dowel bars
- Piling encasements
- Machine base & joint grouting
- Waterproofing
- Piling encasements
- Precast tunnel joints
- Concrete floors / roofs

CG-050M	Manual Hand Pump
Pump	2" piston
Output	2-3 gpm (7-11 lpm)
Pressure	200 psi (14 bar)
Weight	24kg
Size	111.76cm x 112.5cm x 78.74cm (L x W x H)
